Slavic mythology

Aspiring Junior Front-End Developer with a strong foundation in JavaScript, TypeScript, React, ReactNative, HTML, and CSS. I bring proven teamwork, multitasking, and problem-solving skills honed in the medical and hospitality sectors. Passionate about creating user-friendly, visually appealing web applications, I am dedicated to continuous learning and eager to contribute to impactful projects.

Work History

05-2025 – 05-2025	<div>Internship Student</div> <div>Sysmo.pl</div> <div>2-week technical internship</div> <div>During this internship, I completed two assigned tasks:</div> <div><div>◆ Developed a demo screen for a mobile application using React Native</div><div>◆ Implemented improvements to an existing mobile app demo based on a client brief</div></div> <div>The experience gave me a hands-on look into real project tasks and strengthened my practical frontend skills in a mobile development context.</div>
08-2024 – present	<div>Junior Front-End Developer Portfolio: justynakwasniak.pl</div> <div><div>◆ E-commerce Store (React, Vite, TS, API) – Developing a dynamic shopping platform with product filtering, cart system, and UX optimization. Implemented state management with React Context and integrated product data from external APIs.</div><div>◆ Weather App (React, TS, API) – Implementing a weather app with API integration and intuitive navigation. Developed features like real-time weather updates and responsive design.</div><div>◆ Beauty Salon Website (React, TS) – Designing and building a responsive beauty salon website, ensuring excellent UX.</div></div>
01-2020 – present	<div>Senior Patient Coordinator</div> <div>Voxel, Kraków</div> <div><div>◆ Developed strong communication & teamwork skills through patient interactions and collaboration with medical professionals. Trained new team members, improving service quality.</div><div>◆ Demonstrated problem-solving under pressure with empathy and professionalism.</div><div>◆ Refined key front-end development skills such as attention to detail, adaptability, and delivering user-focused solutions.</div></div>

Courses

08-2024	<div>Frontend Developer – Software Development Academy</div> <div><div>◆ Foundations of IT: Developer tools, workflows, and version control basics.</div><div>◆ JavaScript & React: Core JavaScript programming concepts. React fundamentals, Redux, React Context, and Hooks. Testing and deploying React applications.</div><div>◆ Algorithms & Databases: Problem-solving with algorithms and data structures. SQL database basics.</div></div>
---------	--
