Responsive Design, Clean Code, Web & Mobile Development

UI/UX, Figma

Problem-Solving

Analytical Thinking

Proactivity

Adaptability

Teamwork and Collaboration

Time Management

Languages

English - B2

Aspiring Front-End Developer with hands-on experience in JavaScript, TypeScript, React, and React Native. Actively contributing to open-source projects and building responsive, user-focused applications. Strong background in teamwork, communication, and problem-solving gained in medical and hospitality environments. Highly motivated to grow as a developer and contribute to impactful, user-centric digital products.

Work History

2025-11 - present

Open-Source Contributor - Front-End

- Working on real-world React/TypeScript codebases: refactoring components, improving UI consistency, fixing bugs, and submitting PRs.
- Gained experience with Git workflows, reviews, and collaboration in distributed teams.

2025-07 - 2025-08

Front-End Development Intern

Finer Credit

• Contributed to the development and enhancement of a web application using React and TypeScript, improving existing components and implementing new UI features.
• Integrated and displayed API data with filtering functionality, enhancing the usability of forms and UI sections through refactoring.
• Resolved frontend bugs and optimized user interactions across the application.
• Collaborated with the backend team to implement and test new features, ensuring seamless integration.
• Supported the design and development of tools to improve overall user experience.

2025-05 - 2025-05

Internship Student

Sysmo.pl

2-week technical internship
Contributed to mobile application development by completing project-based tasks:
• Developed a demo mobile app screen using React Native, following UI/UX guidelines and component-based architecture.
• Improved an existing mobile app demo, implementing updates from a client brief and enhancing usability and layout consistency.
This internship strengthened my practical front-end skills, exposed me to real development workflows, and introduced me to mobile-focused best practices.

2024-08 - present

Junior Front-End Developer

justynakwasniak.pl

- E-commerce Store - Dynamic store with product filtering, cart system, React Context state management, and API-based product data.
- Weather App - Real-time weather data, API integration, responsive design, and smooth navigation.
- Beauty Salon Website - Modern, responsive website focused on clean UI and strong UX.

2020-01 - present

Senior Patient Coordinator

Voxel, Kraków

- Communication, teamwork and problem-solving under pressure.
- Training new staff and improving workflows.
- Strong attention to detail and user-focused approach.

Polish - C2

Hobby/Interest

Self development, Running, Slavic mythology
